Illustrative Annual Financial Report — FY2026

FINCHECK AI TEST DOCUMENT — SAMPLE 02

Synthetic financial data designed to test cross-document consistency, unit normalization, period matching, evidence extraction, and financial statement analysis.

Testing notice: This document is fictional and intended only for software development and demonstration.

1. Consolidated Income Statement

For the year ended 31 March 2026

Particulars	FY2026	FY2025
Revenue from operations	■18,750 crore	■16,200 crore
Cost of goods sold	■11,250 crore	■9,900 crore
Gross profit	■7,500 crore	■6,300 crore
Employee and administrative expenses	■4,100 crore	■3,650 crore
EBITDA	■3,400 crore	■2,650 crore
Depreciation	■850 crore	■760 crore
Operating profit	■2,550 crore	■1,890 crore
Finance costs	■450 crore	■390 crore
Profit before tax	■2,100 crore	■1,500 crore
Tax expense	■525 crore	■375 crore
Net profit	■1,575 crore	■1,125 crore

Evidence anchor: Consolidated FY2026 revenue is reported as ■18,750 crore.

2. Consolidated Balance Sheet

As at 31 March 2026

Particulars	FY2026
Property, plant and equipment	■24,000 crore
Goodwill and intangible assets	■4,500 crore
Inventory	■9,200 crore
Trade receivables	■12,300 crore
Cash and bank balances	■6,800 crore
Other assets	■5,200 crore
Total assets	■62,000 crore
Borrowings	■24,500 crore
Trade payables and other liabilities	■16,000 crore
Other liabilities	■3,500 crore
Total equity	■18,000 crore
Total liabilities + equity	■62,000 crore

Reconciliation: Total assets equals total liabilities plus equity.

3. Consolidated Cash Flow Statement

For the year ended 31 March 2026

Particulars	FY2026
Net cash from operating activities	■1,950 crore
Capital expenditure	■(1,400) crore
Acquisition-related investment	■(650) crore
Net cash from financing activities	■500 crore
Net increase in cash	■400 crore
Opening cash balance	■6,400 crore
Closing cash balance	■6,800 crore

Cash flow values are intended to be compared with the balance sheet and management commentary.

4. Management Commentary

Selected FY2026 operating highlights — Group basis

Nova Retail Group expanded its store network and reported strong growth in revenue and operating earnings during FY2026.

Management KPI	FY2026
Revenue	■19,200 crore
EBITDA	■3,450 crore
Net profit	■1,575 crore
Operating cash flow	■1,950 crore
Stores at year end	1,240

TEST CASE A — POTENTIAL DISCREPANCY: Management Commentary reports revenue of ■19,200 crore, while the Consolidated Income Statement reports ■18,750 crore for FY2026. FINCHECK AI should identify a ■450 crore difference (approximately 2.4%) and link both page-level sources.

5. Selected Notes to Accounts

Financial information and reporting-scope notes

Item	Reported Value	Context
Revenue — consolidated FY2026	■187,500 million	Same scope and period
Revenue — standalone FY2026	■15,900 crore	Different scope
Operating cash flow — FY2026	■195,000 lakh	Equivalent to ■1,950 crore
Net profit — consolidated FY2026	■1,575 crore	Same scope and period
Revenue — Q4 FY2026	■4,900 crore	Quarterly period

TEST CASE B — UNIT NORMALIZATION: ■187,500 million equals ■18,750 crore. The two representations should be classified as consistent after normalization.

TEST CASE C — SCOPE DIFFERENCE: ■15,900 crore standalone revenue should not be directly compared with ■18,750 crore consolidated revenue as if they had the same reporting scope.

TEST CASE D — PERIOD DIFFERENCE: Q4 revenue of ■4,900 crore represents a quarterly period and should not be treated as a full-year FY2026 value.

6. Key Financial Indicators

Selected metrics for analytical testing

Indicator	FY2026	FY2025
Revenue growth	15.7%	12.3%
EBITDA margin	18.1%	16.4%
Net profit margin	8.4%	6.9%
Debt-to-equity ratio	1.36x	1.48x
Current ratio	1.42x	1.31x
EPS	■31.50	■22.50

These indicators are synthetic and intended to test structured extraction. The system should preserve the reported ratios while calculating numerical differences only where source values permit deterministic calculation.

7. Auditor Communication Extract

Illustrative audit communication

During the review of FY2026 reporting information, the audit team noted that selected management commentary metrics should be reconciled with the consolidated financial statements before final publication.

Revenue: The audit team requested reconciliation of the ■19,200 crore management commentary figure to the ■18,750 crore consolidated statement figure.

Operating cash flow: The reported ■1,950 crore amount is consistent with the selected notes and cash flow statement.

Scope: Standalone and consolidated metrics should be clearly distinguished when comparing disclosures.

FINCHECK AI expected outcome: The system should connect the auditor note to the revenue finding, strengthening the evidence chain without treating the auditor communication itself as proof of wrongdoing.
